The Department proposes to have Grade Crossing Traffic Control Devices installed at the existing Rail/Highway crossing as shown on the attached Tripartite Agreement copies. This project is presently scheduled for completion of negotiations by September 15, 2005. Your cooperation in having all documents authorized prior to that date will be appreciated.

For us to meet this schedule, please have these documents approved by your board and returned along with the resolution attached to the agreement. We will need all three of the originals returned for our securing consummation of them by the Department.

The work under this contract shall be performed in accordance with the provisions of the Federal Highway Administration's Federal Aid Policy Guide Subchapter B, Part 140, Subpart I, and/or Subchapter G, Part 646, Subparts B, as required. *Department's Procedure 725-080-225, "Reimbursement" dated November 11, 1989 and Rule 014-46-002 "Responsibility for Cost of Railroad/Highway Crossings, Florida Administrative Code, Dated July 22, 1982. Should additional information or meeting with Department representatives be needed, please let us know.

Sincerely yours,

Edward L. Chadwell
District Railroad Coordinator
